WINE TASTING IN VILLA

The history of Dominio Bagnoli begins 1000 years ago, when a confraternity of Benedictine monks realized the current Cellars, the stores, the granaries and the courtyard. In 1656, the counts Widmann became the owners of the property.,and they built one of the biggest monumental complex in Veneto based on the basement of the old Abbey. The proximity to Venice made Dominio Bagnoli a lovely place for some Venetian artists and writers like Carlo Goldoni, il Ruzzante and il Pastò who celebrated the Vin Friularo produced in the Dominio.
